

HEALING VORTEX

1. Find a location where the vortex is not going to be impacted by people walking through it This is because people must make the conscious choice to be in the presence of the Vortex or not. In other words, you are giving your free will to be in the presence of the energy vortex.
2. Center yourself with positive energy. Never create a vortex with negative energy.
 - A. Use a cleansed and blessed septarian nodule (dragon egg) or large geode or large quartz crystal to establish the focal point for the center of the Vortex. This will be the communication between the seen and the unseen. When you are ready and have found the right location, place the object were you want the center to be.

4. Gather your Authority by stating your Intent.

With sufficient desire and sufficient belief, I request that an (ethereal or earth) energy Vortex be created in accordance with the will of the Universal Source. So shall this be.

With sufficient desire and sufficient belief, Remove all Interference from entrapped spirits; Spiritual Inhibitors and devices; Mind Control Programs and Implants; Jehovian Seals; Templar Seals; Zeta Seals; Archontic Implants; audio implants; Evil, Dark, and Negative Force Implants and Entitites; Satellites - Repeaters - Broadcasters - Receivers - Receptors - Attractors - Reactors - & Resisters; Projectors - Projections - Projectionists - Programs - Programmers - Overwriters & Underwriters; Injectors - Injections - & Psychic Poison; Pods & Seeds - Eggs - Larva - Caterpillars & Bugs; Attachments - Piggy Backing - Cloaked Tag-ons - Hijackers & Saboteurs; Back Lash – Front Lash – Side Lash - Lash Removal Lash - Unlash/AntiLash - Research & Discovery Lash; Inappropriate Prayers and /A.I.- God Energies; Mimickers - Imitators - Copy Cats - Clones - Twins & Relatives - Morphers - Phasers & Random Phasers - Shape Shifting Deceivers; Time Releases - Event Releases - Space Releases - Time Loops - Space Loops - Event Loops - Loop Holes; Disrupters - Corrupters - Perverters - Mutaters & Mutations - Distorters, Distortions & Distortionists; Networks, Liaisons, Minions, Workforces, Staff, Duplicates, & Duplicators; Plans - Blueprints - Schematics - Patterns & Templates; Originators - Designers - Engineers - Bosses - Sources - Master Minds - & Their Memories Of You; Re-creators - Re-animators - Reseters - Rerouters - Reverters - Reversers - Set Backs & Booby Traps; Thought/Focus: Mislacers, Displacers, Replacers, Scatterers, & Foggers; Memory: Snatchers, Cloakers, Shatterers, Re-arrangers, Misinterpreters, & Filterers; Phantoms - Illusions & Illusionists - Smoke & Mirrors - False Memories & Fear of Memories; Curses - Jinxes - Spells - Hexes - Black Magick - & Voodoo; Fear Imprints - Lies - Deceptions - Threats - Black Mail - & Sinister Agendas; Unauthorized Psychic Surveillance Passes and Controllers - Traps - Prisons - Freezers - & Thawers; Unauthorized "Sleeper/Dormant" Programs, Garbage & Debris, plus all /Trauma Re-setters/Re-creators; Manufacturers, Producers, Directors, Enforcers, intimidators & Obligators; Hidden & Camouflaged: Invaders, Attackers, Snipers, Surveyors & Perpetrators; Unethical, Obsolete, Coerced, or Forced: Agreements - Contracts - Promises - Pledges - Pacts - Oaths & Vows, and Forced Force Fields & Bands ~Through ALL Time, No-Time, Anti-Time ~ Space, No-Space, Anti-Space ~ Everywhere & Nowhere and All Dimensions, Parallel Lives & Existences, Realms & Realities~ that are not of highest benefit to the human body, the true being, the original soul blueprint, and evolution of the being in accordance with the will of the Universal source. So shall this be.

5. Visualize the source for the Vortex. For example, if using Ethereal energy, project your awareness to the Universal Source and the energy matrix. Visualize pulling down golden or white energy and then flowing and linking that energy so that it can flow out through the Vortex. If using Earth energy, project your awareness down into the Earth where you may see the energy as a dark red color. Imagine the energy flowing and linking up so that it can flow out through the Vortex. When using the energy that can create earthquakes or other natural disasters, this linking up can extend along fault lines to places that are remote from the location of the Vortex. Generally this linking up happens more in a horizontal direction than in a vertical direction. You may wish to connect up to other earth energy that is either closer to the surface or deeper. One possibility is to connect to the core of the Earth where there is a lot of energy (checking with intuition is a good way to choose). Be aware that this linking up can take time and hold the intention that it continues for as long as necessary.

6. Connect with the Energy and ask it to emerge as a Vortex. Then visualize it flowing, weaving together and flowing through the focal point as it rotates in a clockwise direction.

7. Continue to visualize this process until you feel that the Vortex is flowing and will continue to flow. A Vortex is self-governing and will increase or decrease its flow in accordance to what is needed. If the Vortex needs focusing (or reuniting if it is split), place the object in the apparent center of the strongest branch and after acknowledging its presence and thanking it for being, visualize the scattered or fractured parts reuniting and flowing through the center object.

8. Always accept and acknowledge with gratitude

WHAT TO KNOW AHEAD OF TIME

- A. Make sure that everyone understands that a Vortex can strengthen negative emotions and that it is important to make a conscious choice to be in the presence of the Vortex and to leave if the experience is not going well.
- B. If possible, let people stay as long as they want to.
- C. Consider if the Vortex needs to be quieted down at the end of a Gathering. This can be done by thanking the Vortex for providing energy for the Gathering and then visualizing the Vortex energy as decreasing. Some sacred objects will help quiet a Vortex by placing them horizontal over the focus so that they are at 90 degrees to the energy flow.
- D. Help people prepare to re-enter the world after the Vortex experience. Always enter and exit with acceptance, acknowledgement, and gratitude

Close the Vortex:

1. Thank the Vortex for providing energy and help.
2. Visualize the Vortex energy as returning to its source or sources. For example, if using Earth energy, project your awareness down into the Earth where you may see the energy as a dark red color. Imagine the energy flowing back down until it is no longer peaked at the focus but instead appears level.
3. Remove any object used for the focus. This should be moved out of the area of the Vortex to a neutral area where residual energy will not be a concern. For example, (for a Vortex that has been in use for months or years) move the object further than a kilometer or two away and place it in an area outside of buildings and where people do not spend a lot of time. If a Vortex has been used for a short time (days or weeks), it is probably not necessary to move the object so far away. Use your intuition to see if the distance is sufficient.
4. Do not revisit the area with the Vortex in mind. Also discourage others from visiting the area with the intention of seeing if it is still there and/or possibly using it. This is because intention could possibly reactive the Vortex to some degree. The tendency for this to happen will decrease with time depending on how long the Vortex has been active (a matter of days or perhaps weeks for).
