

# YELLOW STAR

Wavespell:

Yellow Star's gift is the revelation of the harmony that unites all things. Instead of just aspiring to be harmonious, *become* harmony. Practice harmony not just as an abstraction, but as a living reality. This practice blends different energies, thoughts, people, and processes. Act on intuitive guidance as to what to combine and when. As you begin to follow your heart, you will know the feeling of being on the return path to the stars.

Yellow Star offers you the ability to hold a greatly expanded focus, a unity of awareness that encompasses aspects of the larger constellation of self. An example of this would be a simultaneous awareness of the desires of the existential self and the truth of the Essence Self. This star harmony encompasses the greatly enlarged perspective of your starseeded self, the part within you that holds the potential of your greatest destiny.

*Yellow Star's* action – its direction in life – is to **beautify**. The mission of a *Yellow Star* is to improve life through making it more potent and on fire from within, and making sure you capture some of the sunshine they reflect. Any environment benefits with light and enchantment from this tribe's spark. *Yellow Star* people will actively seek to improve the look and feel of spaces they enter, and anyone there will absorb or reflect the glow that they emanate. Harmony is another form of beauty, so it's not all visuals, looks, surface sheen. This tribe calms, softens, sweetens with its presence.

*Yellow Star's* power – its offering to strengthen us in turn – is **elegance**. *Yellow Stars* are movements of poise and grace, so they do not like fiery confrontation even if its nature is the flame. This reflects their trajectory of Venus through the more fixed constellations on its tour around the sun. It has a passable amount of intensity, generated by pulses of pretty light. It is because of this nature, we want to stay close, share this gentle form of receiving enlightenment, and see us throughout our dark phases.

*Yellow Star* has the essence of **art**. *Yellow Star* people are themselves, works of art, by embodying, manifesting, and producing a beautiful life. They represent the giant stars and lesser stars, of all different gaseous colors and what they share is our attraction to them, our sense of solace in these untouchable pretty orbs. But, *Yellow Star* demands an audience, someone to wish upon them, aim for them, and feel their power. They are like works of art to gaze upon, study closely, aspire to imitate.

*Yellow Star* is antipodal, opposite, to *White Mirror*. *White Mirror* is a sacrificial act or inspired action to directly connect with divinity. *Yellow Star* is direct, unobstructed with some vanity and superficiality intact. Both lead us to the Light, but on different paths. *White Mirror's* is violent and heartbreaking, a feat of intense bravery, where we are carved into a posture of humility and surrender. At its essence *White Mirror* is joining with the Universal Source more fully especially when their fear and resistance is cut away. *Yellow Star* people benefit from the embrace of something new, unknown, and drawn from the shadows. It makes them feel more balanced.

*Yellow Star* is analogous, supported by *Blue Monkey*. *Blue Monkey* is the child self, the inherent magician with a wild imagination that revels with the human spirit throughout lifetimes. *Blue Monkey* likes beautiful things to collect and display. The simple treasures dispel dark parental moods and societal trauma. *Yellow Star* likes being the benevolent center of attention, basking in the ease of just being aglow. No logic and reason demanded, just a spark to dispel darkness.

*Yellow Star* has a mystical, occult relationship to *Red Skywalker*. They are both launched into the heavens, one as a fixture and the other as a passerby. Their occult intimacy is much like falling in love. *Red Skywalker* exists in the light blue expanse where stars give way to clouds and the sun's supremacy. The stars are not a focal point when the greatest sun-star has supremacy. In this way *Red Skywalker* is unphased by *Yellow Star* when it enters the sky to become a star itself. This is how humans access the heavens through a prophet's eyes. *Yellow Star* must find an ambassador from earth who is at heart an equal, another figure with five points who lights up the dark.

**ENDURE ~ TRANSCEND ~ PRESENCE**

*Tone 13, symbolized by the spiral, represents the dynamic of movement present in everything and by which everything is ever-changing and vivified by universal, cosmic life force.*

The gift of your cosmic identity is to access the power of Omnipresence. Activate your Cosmic powers by being a disciple of the present moment; by cultivating your capacities to be wakeful and receptive to each new now; by going beyond the rational mind and letting yourself think with your ancient heart; by being conscious of your continuum, while still living in the moment; by learning to “ride the spiral,” ascending to higher levels of being; by allowing your cosmic spirit to carry you through the many journeys of trial and triumph this life has to offer; by transcending fears of the future; by transcending regrets of the past; by transcending the limits of linear time and synchronizing with the radial flow of synchronic reality; by recognizing us all to be but evolving children of an ever-unfolding cosmos...
