Wavespell:

White Worldbringer is being asked to take action in the process of surrender and release. You are requested to die a symbolic death, to surrender your limiting beliefs. Symbolic death unveils the self by cutting away the outgrown parts of yourself that no longer serve you. In such death, ego structures fall away to reveal the garden of the true self. Look for new ways of being, new people, new ideas, and new directions that will move into the vacuum created through surrender and release. Like yeast, surrender enlivens and empowers you to experience more of life's fullness.

Holding on to past patterns and grievances only limits the possibilities. Forgive yourself. Forgive others. Let go. Surrender whatever limits you. Face whatever you are resisting. In the experience of any loss, it is never too late to complete. Through your willingness to walk in the dark forest, insights and revelations will naturally emerge.

White Worldbringer's action – direction in life – is to **equalize**. This reminds us to balance all opportunities with happiness, abundance, gratitude, and beneficial growth so that we become a unified life of our unique talents, skills, gifts, and experiences, allowing us to cross a bridge, from where we are now in life to where we want to be. *White World-Bridger is your Higher Self and Guide. You are guided by your own power doubled.* When we enter *White Worldbringer* time or identify our *White Worldbringer* nature, we notice that this fundamental commonality is the key to what matters in this temporal life. We become equalized by being our eternal self, as well as, being a soul within our temporal body. We culminate many roles throughout our string of incarnations, but beyond identification with a personality or family of origin, it is a shared eternity of one soul or one divine luminescence. In death, we are recollecting by white light and dissolved into its glow, equal to each other, as well as, ultimately to the Universal Source.

White Worldbringer's power – offering to strengthen us – is **death**. In essence, you are being asked to take action in the process of surrender and release. You are requested to die a symbolic death, to surrender your limiting beliefs. Death unveils the self by cutting away the outgrown parts that no longer serve you. It demands that ego structures fall away to reveal the true self. Strive for new ways of being, new people, new ideas, and new directions that will move into the space created through surrender and release. This death enlivens and empowers you to experience more of life's fullness. There are other words to parallel death: dissolution, divorce, disembodiment, decomposition. Death is a return to light, so if you are in discomfort, see it lessen – lighten. If you are burdened, feel death as a means for the weight to rise – be lighter. Experience the endings around you as a means to ascend to higher consciousness, a symbol for liberation, not loss. Through your willingness to walk through death, the gifts of insight and revelation are provided.

White Worldbringer has the essence of **opportunity**. As a *White Worldbringer*, you live life to its limits. You value contrasts and differences, looking for available opportunities. You understand, when we are given closed doors, perceived endings, a solid turning in our hands to dust, we can celebrate that within that heartache we will find a new emblem of Universal Source's encouragement. We will find a redirection toward something more golden. It's not an easy learning curve. To embrace death's transition and trust that it will bring new growth forces us again to align with nature instead of ego. Just as in every autumn the tree becomes dormant as the leaves fall and die, secreted in the death of silence and change, but it is every spring the tree rebirths new buds and blooms, and by summer full fruit, only to await autumns return to decay. It is the cycle of life, equalized and given the opportunity to embrace change as positive and inevitable. Death is not the end, but an entrance into an endless circle of release and renewal.

White Worldbringer is antipodal, opposite, to *Yellow Warrior*. *Yellow Warrior* is the cosmic communicator and is always in direct contact with cosmic consciousness. *White Worldbringer* benefits from the tones or voices; or sees lights, colors, patterns, or images; or may receive feedings of insight or energy, or knowings from *Yellow Warrior*. *Yellow Warrior* benefits from *White Worldbringer's* openness, their access to a world without warfare, to rest in peace. It makes sense that a warrior would sit on the other side of death, closer than most humans to its clutches, yet more vigilant than others to avoid it. The *Yellow Warrior* is clearly on a path that delineates life from death – whether it's in open battle or on the metaphysical journey to live according to nature's cycles that are always in touch with the simple tension between living and dying. The transformation offered by *Yellow Warrior* is found in releasing and healing blockages. *White Worldbringer* is strengthened by *Yellow Warrior's* fearlessness: death is easier and more opportune without resistant struggle against it.

White Worldbringer is analogous, supported by *Red Skywalker*. *White Worldbringer* is the moment of death, crossing over, and an emblem of the finality of the corporal life as well as the eternity of soul existence. *Red Skywalker* is the time/space traveler who can jump dimensions to assist you in realizing heaven on Earth. *Red Skywalker* is unlimited in form but often chooses the form of the angelic messenger. A *Red Skywalker* crosses this portal in a day's journey, home again in time for dinner. The knowledge that another world exists besides this oxygenated one is integral to *Red Skywalker's* knowledge. *Red Skywalker* in turn makes death less terrifying, is an exploration of the cosmic peace of an outer world, a preview of our aftermath that shows nothing to resist or fear.

White Worldbringer has a mystical, occult relationship to *Blue Eagle*. *Blue Eagle* is solitude and isolation against the backdrop of blue sky. It helps to know that within that expanse is an energetic bridge between elements of life and the eternal life, that *Blue Eagle* might be spiraling around the channel of light when it spins for hours in the highest limits of our atmosphere. The eagle is a bridge itself, between earth and sky. It pushes higher than any other creature towards the stars, but always comes back to its earthen deep roots. *Blue Eagle* can accompany the *White Worldbringer* between the stages of life because *Blue Eagle* knows the back and forth as well as the *White Worldbringer*. *Blue Eagle* feels less alone knowing that souls are passing in and out of earthen reality. *White Worldbringer* sees *Blue Eagle* as an angel, a fluttering ambassador for the transit it offers.
