

RED DRAGON

Wavespell:

Red Dragon represents the root source of life, the nurturance and support of primary being, and within it are found the primal waters of unity. This is where your deepest roots receive true nourishment. Red Dragon is the energy of form contained within the formlessness of the primordial sea.

Primal trust means making choices with no guarantees, knowing that divine nurturance will provide what is needed for your journey. It means making choices moment by moment, implicitly trusting your innate steering mechanism of heart-knowing. Primal trust implies surrendering to the will of the divine self, letting go of what your ego deems to be control of the outcomes in your life. It means deeply trusting the processes that are at work within your present spiral of evolution.

Red Dragon's actions and direction in life is to **nurture**. The tenderness of time in utero doesn't stop when the creation comes to life on earth. A *Red Dragon* person will make sure of the safety and security of all it loves, all it's helped generate, forever. A *Red Dragon* will imitate feminine divinity, casting an emanation of its own glowing heat and also being a shadowy retreat from life's glaring errors and excesses. *Red Dragon* people keep the fire lit in their hearts, and offer a vessel for the ways we seem to spill over. They want to help us grow and emerge, and it can also pain them as they allow us to leave for broader planetary reality. They stoically make themselves available for when we inevitably want to return to their maternal fold.

Red Dragon's power is the process of **birth**. If we are afraid and withhold our emergence into the light, the *Red Dragon* tribe will give us counsel and courage. They are the witness to growth and ascension, and the essence of the last instances of a baby breaking free from the womb. *Red Dragon* people are the departure point after careful preparation they hold things close until the right time to guide outward expansion. They are not selfish, but divinely selfless, giving their life force towards others' planetary rooting. Their lives are dedications to the constant feminine focus of holding a seed into flowering, of pre-birth through afterbirth then conception once more. In relationship, they allow us to birth through them, to move into the cloak of darkness, the nurturing sleep, to shelter until we are strong and tenacious enough to face the light and the full force of life. It's relevant to feel the fear that arises of bright light when we have been coiled in the shadow of our mother. Birth has its challenges, its confrontations. *Red Dragon* empowers this transition, makes it smooth, safe and sacred. It reminds us of the inevitability of coming from our sheltered space into full awareness and reality.

Red Dragon is the essence of **being**. We are the culmination of all our pasts, present, and futures, so before we even breathe, we are. We are conceived by our parents of their ancestry and DNA, and we come into a holistic existence of combined spirit and matter through the divine inter-coursing of their two fluid natures. We tend to view our life span from birth to death, but *Red Dragon* revisits the truth: we are 260 days, or nine months, longer than that. We originate at conception, and then for a time are aligned with the cellular nature of our mother, her representation of earth as contrasted with our father of the sky. We are first matriarchal, then enter a world of duality, the two poles of existence. When we forget the 260-day stretch in the womb, we are blind to the feminine gifts of divinity, the lushness of our earth nature, the dependence we can always access through the great mother.

Red Dragon is antipodal, the opposite or balancing energy to *Blue Monkey*. *Blue Monkey* is the epitome of play. They are magical because they are able to see and create illusion. *Red Dragon* is primal, basic, and the embodiment of magic that *Blue Monkey* uses to reinvent through words, art, song, and actions. They work together to create balance by being the creator and muse, each in turn. *Red Dragon* is the birth of the artist-magician, the mother to any emergent creativity, and *Blue Monkey's* self-expression and access to the Dreamtime is always to retell the story of creation, and the mythical origins we share in the *Dragon*.

Red Dragon is analogous or similar energies and supported by *White Mirror*. *White Mirror* reflects the life each person creates, including people, places, and events in the viewer's life. They are the act of continual self-evaluation regarding the consequences of thoughts and actions. They show us that we are not disparate, but truly the same, and that we share a Divine destiny. *White Mirror* shatters the egoic perception of a separate self and returns us to unconditional love. *Red Dragon* is the primal portrait of oneness that continuously reveals the interconnection and total dependence on one another instead of independence and carrying the burdens of life. Together *White Mirror* and *Red Dragon* support a return to matriarchal divinity, where it's natural to be enfolded within another, or to take one in so deeply we not only share the same breath, but the same unconditional love.

Red Dragon has a mystical and magical relationship to *Yellow Sun* that reflects our yearning for knowledge and the desire to seek light and truth. It allows us to know the interplay of balance between the dark and the light. We see the burning light as an opposition to life, but the warmth of a mother's womb is sustained by the sun center of our galaxy. *Red Dragon* people are powered by *Yellow Sun* energy, this stirs their creation energy to greater potency, fueled by solar power and star fire. *Red Dragon* is birth, *Yellow Sun* is life. The duration of this life is the walk into awakened consciousness. The magic and mystery extended between these two tribes is the culmination of our existence.

Contemplate these code-words to invoke your key powers:

ENDURE ~ TRANSCEND ~ PRESENCE

Tone 13, symbolized by the spiral, represents the dynamic of movement present in everything and by which everything is ever-changing and vivified by universal, cosmic life force.

The gift of your cosmic identity is to access the power of Omnipresence. Activate your Cosmic powers by being a disciple of the present moment; by cultivating your capacities to be wakeful and receptive to each new now; by going beyond the rational mind and letting yourself think with your ancient heart; by being conscious of your continuum, while still living in the moment; by learning to “ride the spiral,” ascending to higher levels of being; by allowing your cosmic spirit to carry you through the many journeys of trial and triumph this life has to offer; by transcending fears of the future; by transcending regrets of the past; by transcending the limits of linear time and synchronizing with the radial flow of synchronic reality; by recognizing us all to be but evolving children of an ever-unfolding cosmos...
