

## HOW TO BECOME A MEMBER

For eligible members, there is a process which has to be followed once the formal expression of interest to join is triggered. This entails the following:

1. An informal assessment undertaken by the Omicron Executors following an expression of interest by an aspirant member
2. Consultation by the Chancellor with member
3. An invitation to the interested member to make a formal application
4. A formal application presenting evidence of the functioning of democratic processes and popular support in that member for joining the Commonwealth.
5. The applicant will read the Omicron Commonwealth Charter Agreement

The procedure also sets out that the application would thereafter be considered by Omicron Executors at the next General Assembly and, if they reach consensus on accepting it, that member would then join the Commonwealth and be invited to attend subsequent meetings following the official membership Swearing In Ceremony and Oath and Signatures.

### Omicron Member rights
