

BLUE STORM

Wavespell:

Blue Storm is the initiation by fire, the lightning path, the arrival of the thunder beings who bring the final transformation. To the Maya, Blue Storm represents the storm, the thundercloud full of purifying rain, and the lightning that shatters any false structuring of reality.

Blue Storm catalyzes and prepares your nervous system and circuitry for complete transformation. It is the electromagnetic storm of transmutation, the clearing and quickening of your physical, mental, emotional, and etheric bodies. As you become aligned with the descending energies, and evolve in consciousness, your body's vibration is raised, becoming less 'dense'. Your new alignment ignites the quickening process that transmutes the shadows of the past, including experiences, judgements, thoughtforms, and old patterns that have held you back.

Blue Storm's action – its direction in life – is to **catalyze**, that alchemy of making distinct change. It uses its extreme force and high altitude isolation from earth's surface reality to move stifling, suffocating energies out of the way of the sun's beaming good times. Being the catalyst means never really resting, always on the go to the next dark scene. The *Blue Storm* is drawn wherever there's denial, the absence of color and clear light, and it can't bask long in its accomplishment of open skies. We know visually that when the sun and the storm do briefly intermingle, a rainbow is born, but only so briefly before either element rises in power. *Blue Storm* people are more attracted to stagnant situations and fixations than sunlit ease. They are drawn by their fate to those in depression, in low self-worth, and even unenlightened ignorance. Their temperament is so catalytic, powerful, that they seek others' walls of defense – wounds and old habit patterns of self-loathing – in order to expend their monumental energy surges.

Blue Storm's power – its offering to strengthen us in turn – is **self-generation**. A storm itself needs only condensation and cloud density to create the friction of clashing molecules and its ultimate output of thunder, lightning, rain. Because it is culled from a critical mass of water, as soon as the water returns to earth the storm has no existence except in the ethers. In other words, *Blue Storm* people are often invisible, drawn to spirit matters, to Universal Source reverence and other heavenly ideals. They are seen but seldom heard, except their service is required to help vaporized water find its return to earth. This is all important metaphor: *Blue Storm's* service is to help the emotions that have risen high into our mind – instead of living earthen in our bodies – find their way back to the lower chakras. This means a passage through the heartfelt expression of grief – and ensuing relief. Self-generation only supposes that a *Blue Storm* is self-reliant, willing to stand alone in this cause of emotional embodiment. In order to promote self-care along this path of bringing emotional catharsis to the world, *Blue Storm* people need to constantly relocate their center, their inner eye, the expansiveness of the soul inside their own passionate bodily experience.

Blue Storm has the essence of **energy**. The extent of *Blue Storm's* material density is water – or emotion. Storms have no earth particles except when they touch down on the planet through their tears. They are air, water, some pricks of fire, but resolutely – and sometimes in loneliness – well above the superficiality of earth's surface life. What they lack in hard mineral content, or steadiness and grounding, they gain in pure energy. They are stimulants, spirals, vortexes and transformative portals, always in motion. They energize their environments and understand the alchemy of energetic change. They have energy to give, are sustained by the energy they generate. They vibrate – and if you feel it spilling out of them, their excess heat, light, essence. *Blue Storm* people are inspirational for their commitment to the energy world over the limiting material one, can see and sense the unseen realm and its deep influence on what we call reality. They are often energy workers, then, offering energy medicine that clears one's own clouds of despair.

Blue Storm is antipodal, opposite, to *Red Moon*. As *Red Moon* is described as water, this antipodal exchange is dynamic: *Red Moon* feeds *Blue Storm* with the water molecules that *Blue Storm* then redistributes back to earth. Again, living in the rich metaphor of water as emotion, we can watch *Red Moon's* feeling state – in the flow, always in motion – rise towards the sky in evaporation. This is like offering our intense emotions to Creator: see me in suffering, help me, relieve me. The *Blue Storm* is the alchemist, taking the intensity of our emotions through the phases of grief until it's dissipated. The blessing we received from the divine in the sky is now a baptism of rain on earth's soil. Our bodies are healed by the prayer we made for emotional release. *Red Moon* people can turn from *Blue Storm's* intensity, not wanting to rise so high from their worn riverbeds, but it's their means for sacrament. *Blue Storm* needs *Red Moon* to start and end its act of divine alchemy, and can practice the art of flow itself, from the sky down to the stream.

Blue Storm is analogous, supported by *Yellow Sun*. The heat of the sun manifests the evaporation of water to form the storm in the first place. *Blue Storm* easily supports *Yellow Sun* by restoring clear skies, maybe even being the scapegoat of perceived suffering and darkness as compared to a sunny day. But *Yellow Sun* does have its gift to the storm: simply, when *Yellow Sun* arrives, *Blue Storm* gets to rest, withdraw, kinetically relocate to the next cloudburst. Finally, *Blue Storm* is able to gentle to softness and shape shift to invisibility. Storm and sun: a quintessential couple that allows all earth residents to shape their waking mood to the weather patterns.

Blue Storm has a mystical, occult relationship to *White Wind*. They dance – the energy of friction meets the elegant rise and fall of air currents. The wind moves the storm, the storm makes the wind visible with its layers of shadowy gray. There is such a profound heavenly exchange between these sky forces, both again superheroes that make monumental shifts in our earth reality without ever slowing to stillness. Rather they just move to the next weather center, arrive in tandem as hurricane, light rain, blizzard. *White Wind* people infuse the emotional transformation of *Blue Storm* with messages from spirit – making the grief deep with divinity. They inspire *Blue Storm's* energy work with their access to angels and other heavenly creatures. *Blue Storm* in turn gives density, visibility, a tangible reality to *White Wind's* consistently see-through and unrecognized power.

Tone 11 represents the power of creative dissolution and dissonant structure.

The gift of your cosmic identity is to access the power of Freedom. Activate your Spectral powers by releasing rigid concepts and definite notions of what should be; by being willing to explore an entire spectrum of potentiality; by surrendering to the “spectral flow” of spontaneous detours, seeming disruptions, and what may appear as chaos; by allowing structure to dissolve in order to be liberated into new possibilities; by celebrating the constructive forces of deconstruction; by learning to fluidly shape-shift; by freeing yourself and others from limiting perceptions; by letting go into the vastness of formlessness; by freeing your soul - releasing into the majesty of your full wing-span; by submitting your personal will to the Great Mystery as it reveals itself in every moment...
