White Dog's action – its direction in life – is to **love**. *White Dog* defines 'love' as a verb, rather than a noun. Love is everywhere, is everything, yet in *White Dog* people it is an operative mode of existence. They are not just the embodiment of love, like a lotus or dolphin, but the active agent of love – tracking it, shepherding it, reuniting parts that are lost from each other without its connection, eating, sleeping and walking it through this world. *White Dog* rescues and saves others through love, even at the expense of their own wellness. They serve others in love, even in the appearance of self-sacrifice. *White Dog* obeys a higher command to love than its own ego. The glyph shows an animal without developed harshness and keen self-serving, one that is listening and guided – and reassured, loved in turn – by a grand astral influence. The lop of its ears is downward in reflection of a force of love rushing downward from on high. A *White Dog* may or may not personally experience the love that it activates in the planetary world, but is directed and reinforced by the source of love, by Creator.

White Dog's power – its offering to strengthen us in turn – is **heart**. Reptiles are cold blooded and considered heartless in some mythology, but they do have this central organ. A mammalian heart pumps heat, fuels friction that allows a dog, for example, to be a radiant reflection of the sun itself – rather than dependent upon external heat sources to make its bloodstream warmly fluid. Truly, it is like having solar power for all other functions, so that the heart-centered and heart-powered *White Dog* can use the love and affection it generates to take on larger tasks: traveling distances, hunting and tracking, guarding the territorial perimeter. A dog bears its heart first in the world, with all other organs receding behind. In human upright form, our heart is bared along with our bellies and reproductive organs, and from that vulnerability we can tend towards tension that keeps them all uniformly defended. A four-legged crouch offers protection to the lower organs and chakras, so *White Dog* leads communication with its heart wide open.

White Dog has the essence of **loyalty**, the first order being to higher love. This feed comes from Creator and instills *White Dog* people with a dedication to beautiful, humble discipleship. They will revere and worship and be drawn to follow a spiritual cause. The *White Dog* tribe is loyal in personal relationships because it sees the Universal Source image in others, is drawn to their soulful essence, feeling the longing in their hearts and wishing to help feed it to fullness. Like pets, *White Dog* forgives much contemptible behavior if there is any hope of reconciliation. They seek the exponential warmth of two mammals embraced or many in a dog pile, and do not easily, readily play the lone wolf. However, *White Dog* has an eventual breaking point of a broken heart, and may lose loyalty to family or community. The relationship to Universal Source, however, is remarkably binding, as *White Dog* continues to be truly fed, truly soothed and softened by the presence of the divine as master and guide.

White Dog is antipodal, opposite, to *Yellow Sun*. This relationship is described as challenging: *White Dog* is not innately an enlightened mind, is rather a whole and radiant heart, so *Yellow Sun's* illuminated clarity is hard for *White Dog* to hold as a mental construct. Much easier is it for a dog to lie around in the sun and bask in heat, refuel on solar flares and become ever more warmhearted. *Yellow Sun*, in reverse, prefers ether, a high remove and to burn through everything, including mammalian relationships, for more self-emergence and pure light. *Yellow Sun* is balanced by the invitation to experience the animal world of committed families, communities and sensual stimulation. The synergy between the two archetypes is simple: *White Dog* loves the sun, is soothed and stimulated by the sun, to its physical and spiritual core; *Yellow Sun* is the teacher and priest who piercingly and honorably guides the dog disciple on a path of illumination, with a heart drenched in light.

White Dog is analogous, supported by *Red Moon*. Dogs like water – for moments of buoyancy and waves of resistance and the skin stimulation of foment moving through their fur follicles. *White Dog* also holds heartfelt presence, loyal loving, through the tidal surges of a moonscape's gravitational influence on the waters of our world. The emotional catharsis that extreme lunation encourage is soothed by the animal warmth of *White Dog* love. *Red Moon* is held, too, as bloodstream in the highly attuned and resilient heartbeat of the mammalian world.

White Dog has a mystical, occult relationship to *Blue Monkey*. *Blue Monkey* is the next advent of animal within the *Tzolk'in* spin, into upright ambling, mental hijinks and sweet swinging between tree limbs. *White Dog* looks forward towards this creature brother for inspiration, for the next steps of evolution, for the wonder of species advancement. *White Dog* dares to try new tricks in the company of *Blue Monkey*. *Blue Monkey* is still a heartfelt animal, only bouncing with cerebral imaginings that can lead to play and pleasure, yet *White Dog* grounds four-limbed stimulation into the earth – including the outgrowths of trees. *White Dog* is *Blue Monkey's* call back toward caring for the whole animal kingdom, before advancement to *Yellow Human* when there's an innate and unfortunate hunger to climb on the shoulders of less developed species rather than to be their compassionate guardians. *Blue Monkey* fills with *White Dog's* dedicated love so that cooperative, communal living is rerouted to sharing kindness and graceful ease.
